

# Spring Plot Tilling Request

Tilling fee of \$15.00 must accompany this request.

Make check payable to Lanier Community Garden

If you would like your plot tilled, please complete this request form and attach your payment (no plots tilled without payment). The \$15.00 fee covers cost of gas, oil, upkeep and incidental expenses. Turn in requests at the Spring membership meeting or mail it to the address below. As we get a batch of paid requests, a schedule will be setup. Plots will be tilled beginning in March. The deadline to till any plot is May 15<sup>th</sup>.

Name: \_\_\_\_\_ Plot #: \_\_\_\_\_ Requested Complete by Date: \_\_\_\_\_  
(our tiller will do his best to accommodate all requests)

Best Contact Phone: \_\_\_\_\_ E-Mail Address: \_\_\_\_\_  
(if a question arises prior to tilling) (for notice when your plot has been tilled)

**Tilling Guidelines:** All garden plots must be cleared of all personal belongings, including grasses and dead crops, which present favorable conditions for unwanted pests, disease and seeds, which will flourish in Spring. Only the open areas will be tilled. If you have raised beds, stakes, cages, etc., in your plot, these areas will **not** be tilled.

If your soil needs to be amended, please have your gypsum, compost, fertilizer or whatever you want added, spread around on your plot after you submit your request (our tiller will not open and spread your bagged or bulk material – he will just till the open areas). All rocks need to be removed so the tiller will not be damaged. If you have heavy clay, add compost to improve its texture and provide better drainage.

Mail this form & check (no cash in mail) to: Lanier Community Garden, 6234 Cascade Falls Dr, Buford, GA 30518
